LASTING LOVELINESS -Twenty years age, when paint, pearl powder and enamel were ruining the complexion and destroy-ing the health of women of fashion, Ha-gan's Magnolia Balm was brought out as pure botanical cosmetic, guaranteed to restore bloom and purity to the skin. From that time to the present it has been ontinually rising in public estimation a the safest and most unexceptional prepara-tion of its class. Instead of producing an artificial, metalic surface, like the deadly ename's, or wilting the cuticle like the poisonous fluids sold under various names as "beautifiers," it keeps the skin as soft as velvet, renders it as smooth and glossy as satin, and imparts to it that delicate rosy tinge, which is the beau ideal of complexional leveliness. The exquisite chromatic effect is not transient. By applying the Balm daily it may be prolonged from youth to sge. A lady who purched the first bottle of the article nineteen years ago, writes to say that her complexion at forty is "purer, clearer and more brilliant than it has ever been"; and she attributes it solely to the daily use of Hagan's Magnolia Balm. 12-29d&wlw
